Preface

The Curriculum Development Council (CDC) Advanced Supplementary Level Syllabus for Mathematics and Statistics (1991 Edition) has been implemented in schools for six years. Comments have been received that more suitable supplementary notes for teachers should be provided. In response to this, the CDC Mathematics Subject Committee (Sixth Form)has compiled a supplementary notes for teachers' references.

The examples compiled in the Notes are for illustration purpose only. They are by no means exhaustive. Teachers should refer to the Syllabus themselves for the content of the topics concerned. It should be pointed out that the teaching notes and examples written are for teachers' reference only. Teachers should provide further explanations on the notes and examples when using them in the classrooms.

we are indebted to teachers for giving us invaluable comments and suggestions. We are particularly indebted to the working Group formed by members of HKEA and CDC Mathematics Subject Committees (Sixth Form) for their effort in suggesting examples and notes to be included in the Teaching Notes.

Comments and suggestions are most welcome and should be addressed to:

Principal Curriculum Planning Officer (Sixth Form),
Curriculum Development Institute,
13/F, Wu Chung House,
213 Queen's Road East,
Wanchai,
Hong Kong.
