

Updated AR Thematic Maps “我們的國土” and “我國的地貌” (Chinese version only)

Purpose

This is to inform heads of primary and secondary schools about the details of the captioned thematic maps.

Details

2. In response to The Chief Executive’s 2022 Policy Address to strengthen students’ sense of national identity and national pride, the Education Bureau (EDB) has produced three AR thematic maps (Chinese version only) to support learning and teaching of national geography in schools so as to enhance students’ understanding of our country’s territory, landform features, and climate and the relationship with our daily life. The titles of these three maps are “我們的國土”, “我國的地貌” and “我國的氣候與生活”. As the Ministry of Natural Resources, the People’s Republic of China has updated the map of China on August 2023, the EDB reprinted the first two maps of the aforesaid map series to include the latest updates. The third map “我國的氣候與生活” delivered to school in March 2024 was produced according to the updated version.

3. Each school will receive five copies each of the updated thematic maps “我們的國土” and “我國的地貌” through courier within three weeks after the issuance of this circular.
