### The Updated Seven Learning Goals of Primary Education

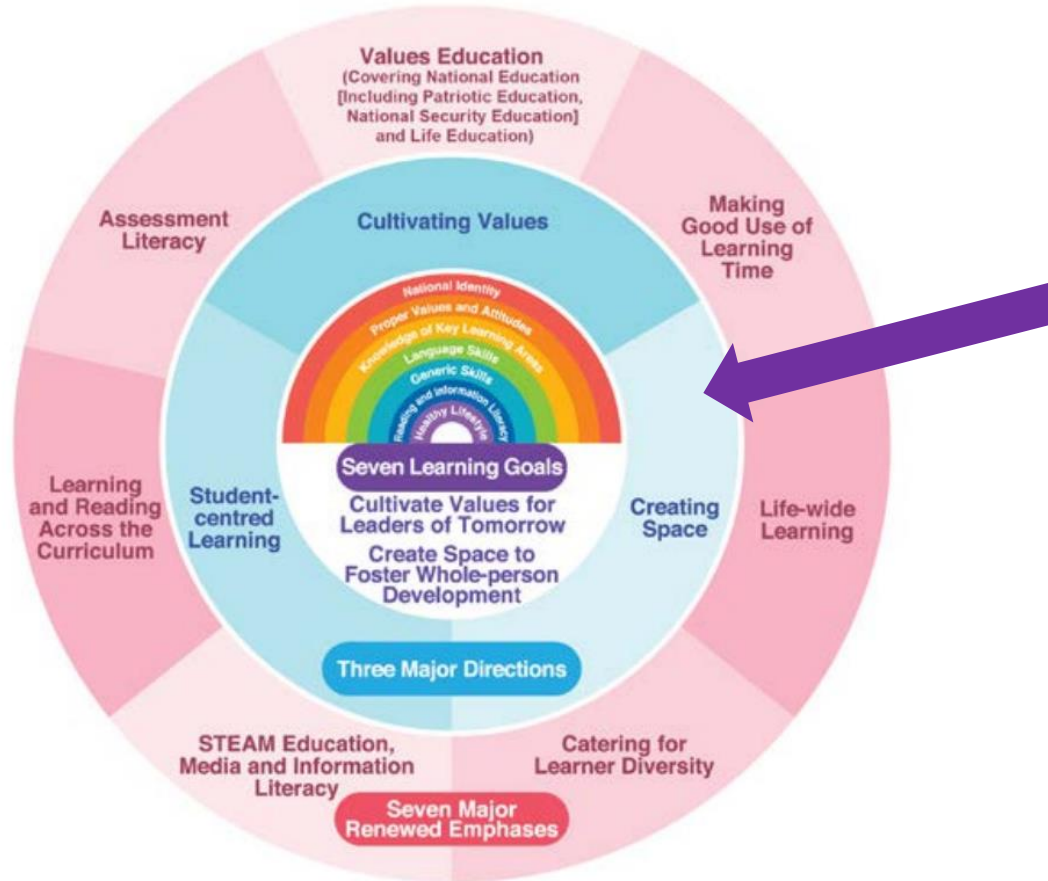

1. Understand our country and the Chinese culture, and cultivate a sense of belonging and national identity towards our country through national education and national security education;
2. Know how to distinguish right from wrong, fulfil their duties as members of the family, society and our country, and demonstrate proper values and attitudes such as perseverance, respect for others, integrity and benevolence, as well as thoughtful and sensible judgements and behaviour;
3. Be equipped with a solid knowledge base and perspectives across the eight Key Learning Areas (KLAs) to facilitate personal growth and development;
4. Be proactive in biliterate and trilingual communication;
5. Develop generic skills and inquiry thinking holistically, and learn independently and actively;
6. Cultivate an interest in extensive reading and develop an active reading habit, and use information and information technology in a rational and responsible manner;
7. Lead a healthy lifestyle, develop personal hobbies and talents, take pleasure in engaging in different communities, and foster interests and essential skills to appreciate aesthetic and physical activities in order to achieve balanced physical and psychological development

### Three Major Directions:

- Cultivating Values
- Creating Space
- Student-centred Learning

# Rationale for the updating of the ELCG

## Ongoing Renewal of the School Curriculum

**PECG (2024)**

**Seven Major Renewed Emphases:**

**Strengthening values education** (covering national education [including patriotic education, national security education] and life education)

Enhancing **assessment literacy** for promoting learning and teaching effectiveness

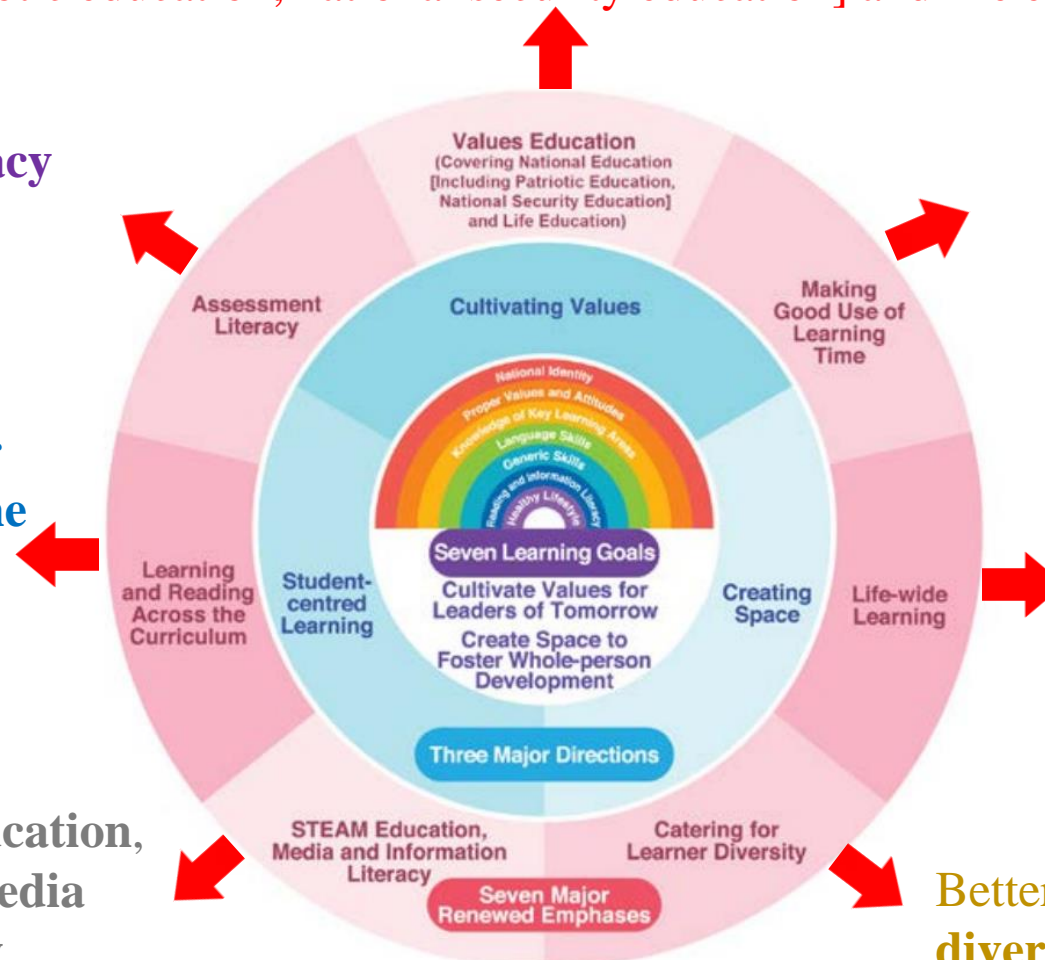

Strengthening **cross-curricular learning and reading across the curriculum** to develop students' lifelong learning capabilities

Reinforcing **STEAM education**, and nurturing students' **media and information literacy**

**Making good use of learning time and creating space** to promote balanced physical and psychological development

Enriching **life-wide learning experiences** and fostering **whole-person development**

**Better catering for learner diversity**

### Chapter 1 - 1.3.1 Building on Strengths

Teachers are encouraged to build on the existing effective practices to enrich students' learning experiences through:

- developing a **coherent school English Language curriculum**;
- adopting a greater variety of strategies to **address the diverse learning needs of students**;
- providing more opportunities for the learning and teaching of language forms, functions and skills for **purposeful communication** as well as the development of **language awareness** and **appreciation skills**;
- strengthening **values education** (covering national education [including patriotic education, national security education] and life education);
- developing students' capabilities for **self-directed and lifelong learning**; and
- strengthening **assessment literacy**, **extending formative assessment from AfL to AaL**, and engaging students in the assessment process to **promote self-reflection and self-directed learning**.
