Introduction of SOW Campaign

Sayings of wisdom (SOW), which are inspiring words that provoke thinking, share insights and experience, and explore meaning in life, are treasures cherished in both Chinese and western cultures. To unearth these priceless treasures, the Curriculum Development Institute of the Education Bureau has been organising the campaign **“Promoting Positive Values and Attitudes through English Sayings of Wisdom”** since the 2020/21 school year. This territory-wide and cross-curricular campaign connects English Language education with values education. It aims to enrich students’ English learning experiences and nurture positive values and attitudes in them through an array of student activities and learning and teaching resources illustrating the meaning of the SOW.

The overarching theme of the campaign in the 2023/24 school year is **“In Love We Share, In Love We Grow”** and the sub-themes are **“Love Our Country”**, **“Love the Community”**, **“Love Our Family and Friends”**, **“Love Myself”**, **“Love Learning”** and **“Love Nature”**. Inspirational quotes have been selected and various resources have been developed to support schools in integrating values education into the school English Language curriculum, with an aim to engage students in exploring the various manifestations of love across different dimensions, develop their sense of pride and appreciation for our country, enlighten them about the importance of self-acceptance and self-improvement as well as encourage them to put positive values into action in daily life through caring for and respecting the people and things around them.

The Education Bureau would like to extend our sincere gratitude to all the participating schools, teachers and students for supporting the SOW campaign. We hope that our concerted effort would continue to enrich students’ learning experiences, and foster their positive values and attitudes.
