Teacher training and student activities

1. Briefing Seminar of Smart City Project Programme 2023/24

Date: 17 November 2023

Venue: Online mode

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020231430)

2. Achieving Carbon Neutrality Series (2): Combating climate change through green buildings and low-carbon living (New)

Date: 21 November 2023

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020240796)

3. Briefing Seminar on the Cross-KLA learning and teaching resource package: Data literacy (New)

Date: 27 November 2023

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020240725)

4. Achieving carbon neutrality series (3): Visit to CIC-Zero Carbon Park (New)

Date: 1 December 2023

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020240800)

5. Achieving carbon neutrality series (4): Visit to Towngas Headquarters (New)

Date: 15 December 2023

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020231471)

6. STEAM Education Knowledge Enrichment Series: (1) Use of data in smart cities (Knowledge Enrichment) (New)

Date: 18 December 2023

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020240727)

7. Visit to Smart Government Innovation LAB

Date: 5 February 2024 (Secondary schools) / 7 February 2024 (Primary schools)

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. WONG at 2153 7453.

8. Smart city and continuous development school cases sharing

Date: 26 February 2024

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020240926)

9. "Smart City 5.0" Series: (1) Introduction to "Smart City 5.0" and Multi-subjects Sharing for Smart Teaching & Smart Learning (New)

Date: 29 February 2024

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020240766)

10. Smart City Knowledge Enrichment Series(3): Workshop on IoT Smart Home Monitoring System

Date: 8 March 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. LO at 2153 7451.

11. Visit to Data Studio and Ho Tung Lau Train Depot

Date: 12 March 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. LO at 2153 7451.

12. Introduction to official statistics and common fallacies in the use and presentation of statistics

Date: 14 March 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. CHEUNG at 2153 7430.

13. Smart City Knowledge Enrichment Series(2): Workshop on Artificial Intelligence(AI) Image Recognition

Date: 22 March 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. LO at 2153 7451.

14. Application of big data analytics in compilation of trade statistics

Date: 26 March 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Mr. SUN at 2153 7470.

15. Smart City Knowledge Enrichment Series(1): Visit to Hong Kong Institute of Vocational Education (Tsing Yi)

Date: 28 March 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. LO at 2153 7451.

16. Smart City Knowledge Enrichment Series(4): Workshop on Digital Twins (Robotic Arm X Unity)

Date: 9 April 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. LO at 2153 7451.

17. Visit to Data Studio and Ho Tung Lau Train Depot

Date: 9 April 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. LO at 2153 7451.

18. Advanced and Intelligent Building "Skin" Materials for Building Decarbonisation

Date: 2 May 2024

Details & Application: Please click here to refer to related page in Training Calendar System (Course ID: CDI020241090)

19. Visit to Smart Power Gallery

Date: 16 May 2024

Details & the application method will be sent via email to the schools submitted nomination to participate in the Joint-school Smart City Project Exhibition (JSPE).

For enquiries, please contact Ms. LO at 2153 7451.
