

**Programme on Parent Education:
Promoting young children's learning
through sensory stimulation and play:
A parent-child sensory game workshop**

Organised by
The Education University of Hong Kong
as commissioned by the Education Bureau

Encourage children.....

To explore and learn with their senses

To look, to listen,
to smell, to touch

Use a wide range of words to describe
different multisensory experiences

Link multisensory learning
experiences to everyday lives

To discover knowledge by themselves

Invite children to
predict or explain

Avoid providing answers
right the way

Reflect and expand what
children have said

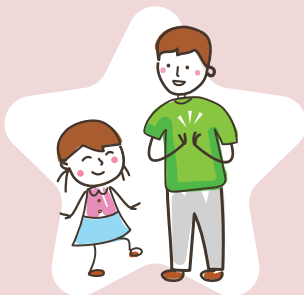

Review children's
prediction and beliefs

Show respect and care when interacting with children

Put away the
cell phone and
pay full attention

Use body language
to express love
and affection

Praise children for their
active exploration and
creative thinking
