

# **Parent Education Resource Package for Primary Schools**

## **Parenting made easy: How to handle children's misbehaviour?**

### **Strand I: Understanding of Child Development**

#### **Introduction**

Young children can be “naughty”, “disobedient” and “unruly” at times. What can parents do when faced with such situations? And how can they help improve children's behaviour? This activity introduces a range of evidence-based parenting strategies, including giving effective instructions, positive reinforcement, gentle guidance and using consequences, to help parents take on the challenges associated with handling children's inappropriate behaviour.
