

Every time  
is the same

Situation: The parent takes time to teach the child Chinese because the child's grades aren't ideal, but it doesn't seem to be working.

### Negative thinking

He's beyond redemption! I've taught him for three months already, but he just doesn't seem to understand!

Year 3

### Positive thinking

He needs time to learn. He did not know how to walk at first, but gradually learnt how to walk. He did not know how to speak at first, but gradually learnt how to speak.
