

IT in Education BYOD Series: Strategic Planning and Implementation of School-based Bring Your Own Device Policy and Acceptable Use Policy in Secondary Schools (Refreshed) EI002020280 (R1AB) Session 2

L2_V12_RTCHKU_BYOD(SEC)

e-Learning Development Laboratory
Department of Electrical and Electronic Engineering
The University of Hong Kong

Objective:

This course aims to introduce the school-based practice of planning and implementing **Bring Your Own Device (BYOD) Policy** and **Acceptable Use Policy (AUP)**.

1. Overview of school-based BYOD project;
2. Different concerns before implementing BYOD in schools;
3. Implementing the school-based BYOD project;
4. School-based BYOD policy and AUP in consideration of parents' concerns;
5. Other concerns when implementing BYOD in schools; and
6. Drafting the BYOD implementation timeline.

Instructor Introduction

MAN HO WAI · WALLACE

BSSc. (HON.) / PGDE (DIST.) / MEd, CUHK

Lok Sin Tong Yu Kan Hing Secondary School Vice Principal

IT in Education Section of the Education Bureau

CUHK Centre for Learning Sciences and Technologies Advisors

HKU e-Learning Technology Development Laboratory

EDUHK Centre for Excellence in Learning and Teaching teaching advisors

Chief Executive's Award for Teaching Excellence (Information Technology in Education)

課堂安排

1. 2:30 - 3:00 School-based AUP coursework
2. 3:00 - 3:20 Use Mobile Device Management System MDM to support BYOD: iClass
3. 3:20 - 4:20 Make good use of multi-information technology teaching strategies
Strengthen the effectiveness of BYOD and home learning
4. 4:20 - 5:00 Support BYOD's practice with information literacy courses: HKFYG
5. 5:00 - 5:15 Implementation of phased work to promote BYOD (1 year Plan/ Three-Year Plan)
6. 5:15 - 5:30 Conclusion

Part 1 : School-based AUP Coursework
BYOD during epidemic, the importance of supporting
students to learn at home

Whole solution

BYOD

- Bring Your Own Device
- 自攜裝置政策

AUP

- Acceptable Use Policy
- 可接受使用政策

MDM

- Mobile Devices Management System
- 流動裝置管理系統

可接受使用策略 Acceptable Use Policy (AUP)

- AUP is a **written agreement**, signed by **students, their parents, and teachers**, outlining the terms and conditions of Internet use.
- It specifically sets out acceptable uses, rules of online behavior, and access privileges. Also covered are **penalties for violations of the policy**, including security violations and vandalism of the system.
- Anyone using a school's Internet connection should be required to sign an AUP and know that it will be kept on file as a legal, binding document. (Classroom Connect, December 1994- January 1995 issue).

可接受使用策略 Acceptable Use Policy (AUP)

Acceptable Use Policy Components

- a description of the **instructional values and approaches** to be sustained by Internet access in schools
- a statement on the **educational uses and benefits** of the Internet in the school
- a list of the **duties** of teachers, parents, and students for using the Internet
- a **code of ethical conduct** governing behavior on the Internet
- a description of the **consequences** of violating the AUP

Source:

https://catnet.adventist.ca/files/resources/res_96.pdf

可接受使用策略 Acceptable Use Policy (AUP)

Acceptable Use Policy Components

- a description of what constitutes **acceptable and unacceptable** use of the Internet
- a disclaimer releasing the school division, under specific circumstances, from responsibility
- a statement reminding users that Internet access and the use of computer networks is **a privilege**, not a right
- a statement that the AUP observes state and national telecommunication rules and regulations
- a **signature** form for teachers, parents, and students indicating that they intend to abide by the AUP

Source: https://catnet.adventist.ca/files/resources/res_96.pdf

可接受使用策略 Acceptable Use Policy (AUP)

Develop AUP (for reference):

Ken Ngai

BSc, MBA, MSc, PgD(Digital Forensics)

Head of IT, The Hong Kong Federation
of Youth Groups

Ken.ngai@hkfyg.org.hk

Acceptable Use Policy AUP

- 1) Introduction
- 2) Objective
- 3) Agreement
 - Parents
 - Students
 - School
- 4) School network environment
- 5) BYOD
- 6) Other computer devices
- 7) Security and responsibility

可接受使用策略 Acceptable Use Policy (AUP)

1. Introduction

e.g.

- Trends in the Internet and teaching
- The direction in which schools use the Internet
- The school's policy on eLearning
- The scope of application of this document
- Updates to this file, etc

可接受使用策略 Acceptable Use Policy (AUP)

2. Objective

Aspiration on achievable goal

e.g.

- Internet enhances the teaching and learning interest, motivation and strengthens communication channels
- Having an Acceptable Use (Internet Safety) policy outlining acceptable use of the Internet
- Using security software
- Limiting Internet features
- Teaching children to use the facility sensibly
- Supervising Internet usage
- Having rules for safe Internet usage

可接受使用策略 Acceptable Use Policy (AUP)

3. Agreement with parents

Parents are required to **agree** to the agreements implemented by the **school** on campus:

e.g.

- The school's filter software
- Students use the Internet and school networks at school
- Use the email address and other resources provided by the school
- Discuss and work with your child on the school's AUP
- Restrictions on the use of the device
- When necessary, accept the school to check the computer
- Student online behavior (on or off campus)
- The teacher's responsibility on the Internet
- Privacy exemption
- Other

可接受使用策略 Acceptable Use Policy (AUP)

4. Agreement with students

- Agree and understand the agreement
- Follow this policy, etc

School

- To protect the school and give the school authority
- Lead students to use the Internet correctly and safely
- Filter bad information
- Monitor overdoses and bad use
- The scope of teachers monitoring and guiding students
- Protect students' personal data, etc

可接受使用策略 Acceptable Use Policy (AUP)

5. School network environment rules

- Allowed time to use
- Allow usage of internet-enabled devices
- Protect school equipment
- netiquette
- Unacceptable acts such as foul language, obscenity, threats, defamation, racial discrimination . . . etc
- Sneak shot, account theft, personal attacks, bullying are not permitted, etc
- Illegal software, games cannot be downloaded

可接受使用策略 Acceptable Use Policy (AUP)

6. BYOD

- Hardware configuration
 - Minimum configurations
- Registration process
 - Register MAC address ?
 - Network password ?
 - Open WiFi ?
- Software configuration
 - OS, version, patches, security settings, anti-virus, other software

可接受使用策略 Acceptable Use Policy (AUP)

7. Other computer devices

- mobile phone
- game console

8. Security and responsibility

Stakeholder role(BYOB + AUP)

Parent role

- Keywords: Guide, cooperate, pay attention, discuss, agreement

Teacher role

- The identity of the teacher on the Internet;
- Patrol, monitor, understand ...
- Contact or discuss with students online
 - Scope and time;
 - Media (e.g. FB, Email, WhatsApp ...);
 - General guidelines;

Stakeholder role (BYOB + AUP)

Student agreements and responsibilities

- Behaviors prohibited by students online (with more relaxed principles) such as bullying, assault, obscenity, theft (both inside and outside the school) . . . offenders can be punished by the school.
- Report
 - Reports of violations
 - Reports of victimization
 - Program
 - Evidence (cap screen), timing, etc
 - Notify parents

Part 2 : Use Mobile Device Management System MDM to support BYOD

iClass MDM DEMO

Mobile Devices Management 流動裝置管理系統

1. MDM means Mobile Devices Management
2. In the general trend of using tablets as e-learning tools, equipment management, e-school classroom design are new challenges. MDM enables school technical administrators to manage tablets more effectively. For example, online installation of apps and WiFi in one batch for students' tablets, restricting students from downloading apps and clearing Passcode
3. MDM can also help front-line teachers with e-classes. For example, give simple instructions to help the whole class to enter a teaching app or web resources, limit the student's tablet permission function, or remotely project a classmate's tablet works to share, etc.
4. Key features:
 1. 高效管理及安裝 (Software as Assistant)
 2. 課堂引導及分享 (Digital Interactive Classroom)
 3. 無線設置權限 (Restriction and Policy Setting)

Mobile Devices Management 流動裝置管理系統

HKU MDM 夥伴學校計劃 (WIFI 900 學校)

計劃目的

1. 協助香港 (WIFI 900) 中小學推動電子教學，帶來更好的教學體驗和效果。
2. 推動學校使用最新、最有效的技術來支援電子教學。
3. 透過學校使用系統的意見回饋，改善技術研發和用家體驗，為教育界提供最合適的流動設備管理工具。

我們提供

免費使用
技術培訓
技術支援
定期合作交流
教師分享社群
香港大學電子學習發展實驗室為學校頒發的流動設備管理證書

計劃時間表

15年7月	夥伴學校計劃簡介會
15年8月15日	截止申請
15年8月 - 11月	MDM電子教學工作坊
16年1月 - 16年5月	電子教學交流會議
16年7月	向完成計劃學校頒發證書

HKU MDM 的十大特點

為教育界設計

避免企業式MDM的繁鎖設計，針對學校的需要，簡單易用的界面，讓前線老師能夠在課室內輕鬆使用。

無線應用安裝

無線地遙控安裝學生所需應用或電子書，並支援蘋果VPP，快捷地為師生提供最適合的教學工具。

清除鎖屏密碼

學生忘記鎖屏密碼時，學校可在管理系統內清除密碼，避免洗機重裝，大大節省不必要的技術支援。

按照班級分組

在一人一機的模式下，根據不同班級需要，制定不同設置和應用；亦方便老師上課時向班內下達指令。

校本應用中心

學校可以一方面關閉學生的應用商店，同時根據不同年級學生的需要，設置校本應用中心。

隨時限制功能

老師可以限制學生設備功能，例如封鎖相機和應用商店，更可以鎖定於某一個應用內進行教學活動。

遙控工具使用

老師可以直接遙控全班學生使用某個應用或瀏覽某個特定網頁，配合鎖屏的功能，讓學生更專注學習。

遙控課堂分享

使用Apple TV或其他無線投影技術時，老師可主動在自己的平板上選擇分享任何一位同學的作品。

支援 VPP & DEP

我們的MDM技術目前全面支援使用VPP的iOS學校，亦已經為DEP計劃做好準備，並已經進行測試。

互動內容整合

整合我們的雲端互動學習平台iClass及學校正在試用的 e-TextBook，可以遙控學生進入iClass課堂活動。

Mobile Devices Management 流動裝置管理系統

Part 3 : Make good use of multi-information technology teaching strategies
Strengthen the effectiveness of BYOD and home learning

Teaching strategy 1: e-reading

Google Books: <https://books.google.com/>

The screenshot displays the Google Books interface for the book "Climate Change: A Very Short Introduction" by Mark Maslin. At the top, the Google search bar contains the text "climate change". Below the search bar, the "Books" section is visible, featuring navigation icons and buttons for "Add to my library" and "Write review". The main content area shows the book's cover, which is a dark, textured image with a large yellow circular stamp that reads "A VERY SHORT INTRODUCTION FULLY UPDATED NEW EDITION". The title "CLIMATE CHANGE" is prominently displayed at the bottom of the cover, with "CHANGE" in a larger, bold font. The author's name, "Mark Maslin", is visible above the title. On the left side of the interface, there is a sidebar with a "VIEW EBOOK" button, a "Get this book in print" link, a star rating of 5 stars with "1 Review" and a "Write review" link, and a search box containing "climate change" with a "Go" button. Below the search box, there are links for "About this book", "My library", "My History", and "Books on Google Play". At the bottom left, the Oxford University Press logo is shown, along with the text "Published by Oxford University Press. Copyright." The top right corner of the interface includes a grid icon and a user profile icon.

計劃簡介

香港教育城（教城）一直致力推展閱讀文化，當中「e悅讀學校計劃」提供以學年計算的校本電子書訂閱服務，協助學校推動廣泛閱讀。計劃與逾**40**間出版商協作，提供約2,000本海外及本地精選的中英文電子書籍，涵蓋多個題材和程度。

2002/21學年服務現已推出，學校可因應需要選擇閱讀組合的電子書數量及書籍。學校只須付出相宜的費用，全校師生即可於服務期內無限次透過跨平台（Android、iOS及網頁瀏覽器）的「教城書櫃」閱讀所選書單上的書籍。平台會記錄每位學生的閱讀數據，幫助教師掌握學生的閱讀習慣，設計適切閱讀策略，詳情請瀏覽[用戶手冊](#)。

此外，教城與教育局、優質教育基金等機構合作，提供免費閱讀組合「中華里系列」、「NET Series」、「英文經典系列」、「中國古典名著系列」及「現代經典作家系列」，豐富閱讀資源。

想參考其他學校如何推動閱讀，可觀看[中學](#)和[小學](#)的學校分享片段。

如欲查詢，請致電 2624 1000或電郵至info@hkedcity.net。

Teaching Strategy 3 : 課前預習 翻轉課堂 (Flipped Learning)

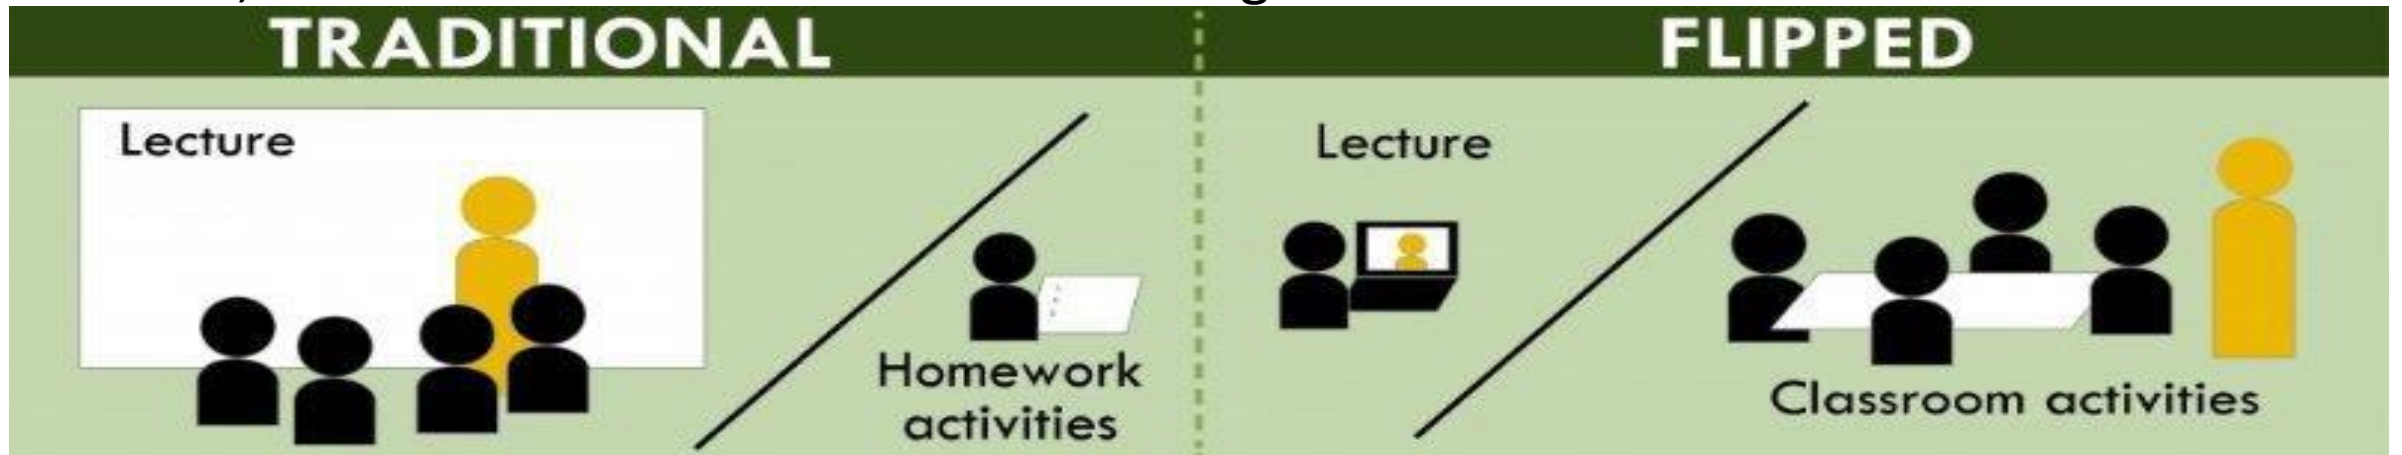

IT teaching strategy : Flipped Classroom – flip the traditional class mode

Step 1 : The pre-prepared course content is uploaded to the network by the teacher

Step 2: Let students prepare lessons at home first

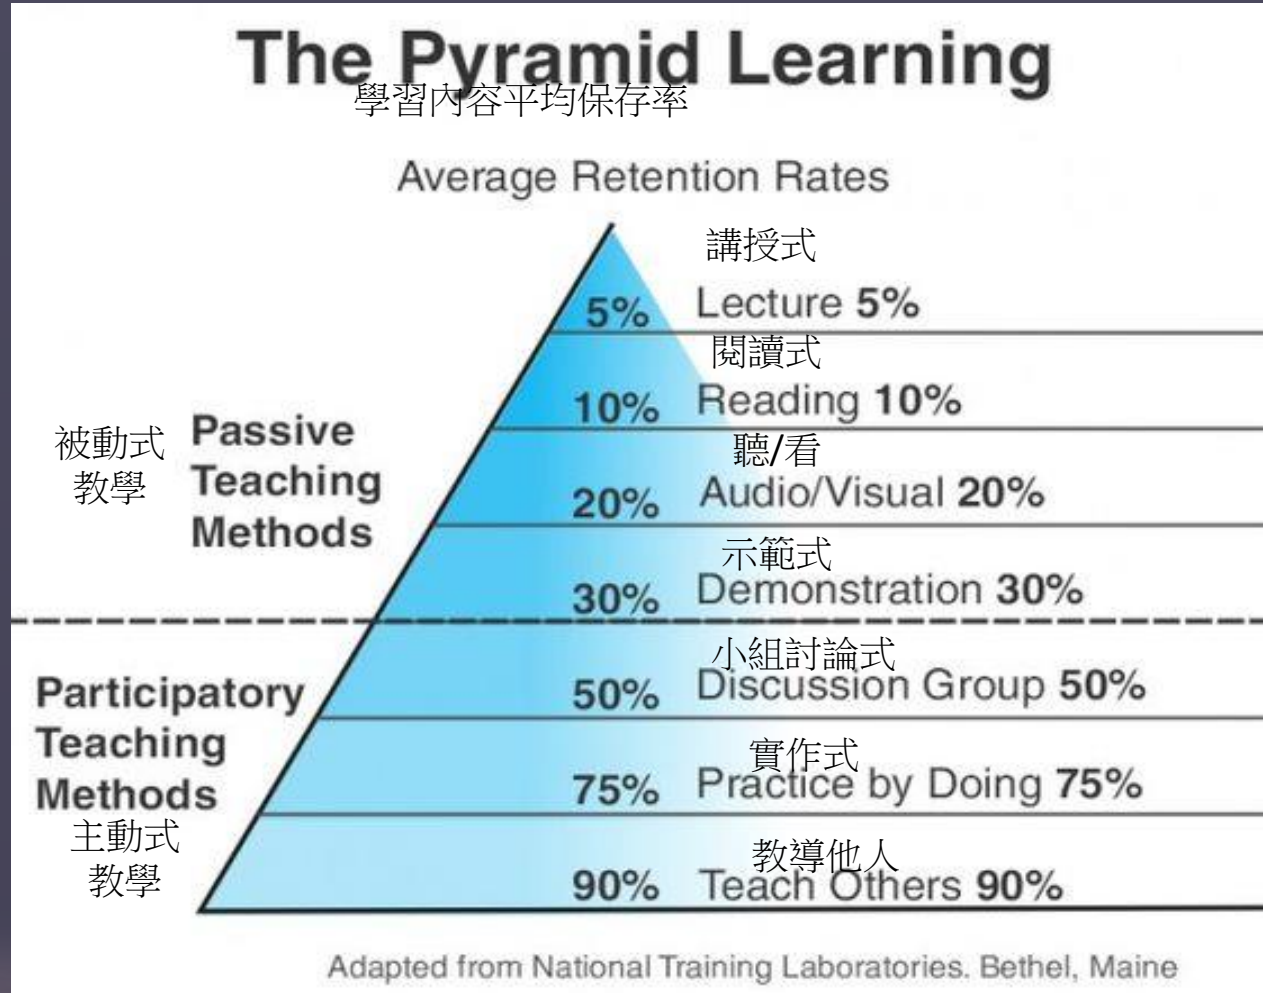

Step 3: Express your opinions and discuss the topic in class.

Compared with the traditional teaching mode, "flipped classroom" allows teachers to reduce one-way explanation in the classroom, promote classroom interaction and communication between teachers and students, improve the learning effectiveness of students, but also to cultivate their own learning.

IT teaching strategy : 翻轉課堂 (Flipped Classroom)

The Pyramid Learning

The higher the level of student-led learning

The higher the percentage retention rate for students

Resource Pack for Supporting School-based Development of IT in Education (Jan 2019)

[Home](#) | [Model Roadmap of Development Plan](#) | [Action Plan](#) | [Templates](#) | [Exemplars](#) | [Professional Development Programme](#)

Home

To assist school leaders in development and implementation of school-based IT development plans as integral parts of school development plans, the Education Bureau (EDB) has provided a Resource Pack to schools to support school-based development of IT in education, of which a school can tailor-make its own plan in accordance with its development priorities and needs.

Resource Pack for Supporting School-based Development of IT in Education

Model Roadmap of Development Plan

A 4-stage conceptual framework built on the 4 phases in the development and implementation of **school-based plans** is designed for the **development of roadmap**:

1. Self-review or context analysis in the self-evaluation phase and the evaluation in the evaluation phase
2. Goal-setting and realisation in the planning phase
3. Planning in the planning phase
4. Implementation in the implementation phase

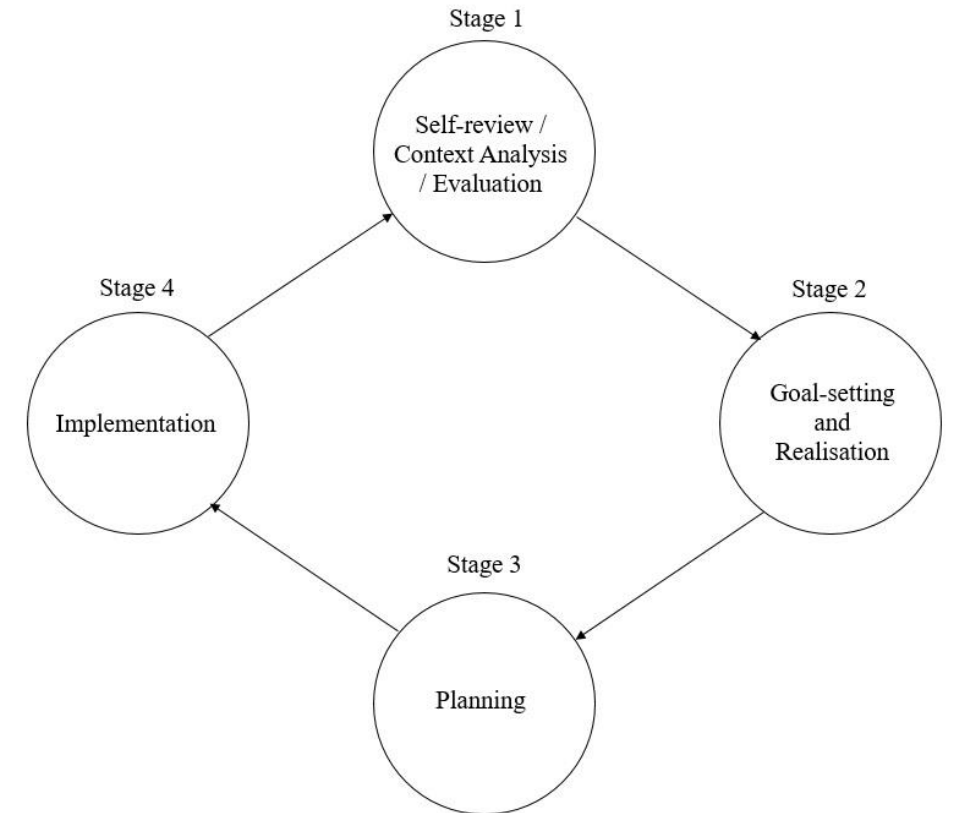

Figure 1: Conceptual framework for the development of roadmap for school-based IT in education planning

Model Roadmap of Development Plan

Stage 1 – Self-review / Context Analysis / Evaluation

Self review **4 key dimensions**
Self review **5 related concerns**
Context analysis

- Self-review is an important step for schools to obtain a preliminary view on their own **strengths, weaknesses and needs** prior to the planning.
- A self-review of **4 key dimensions**, with **5 related concerns**, is proposed for schools to evaluate their readiness for promoting IT in education.

Resource Pack for Supporting School-based Development of IT in Education

Model Roadmap of Development Plan

Stage 1 :

Self-review

4 key dimensions

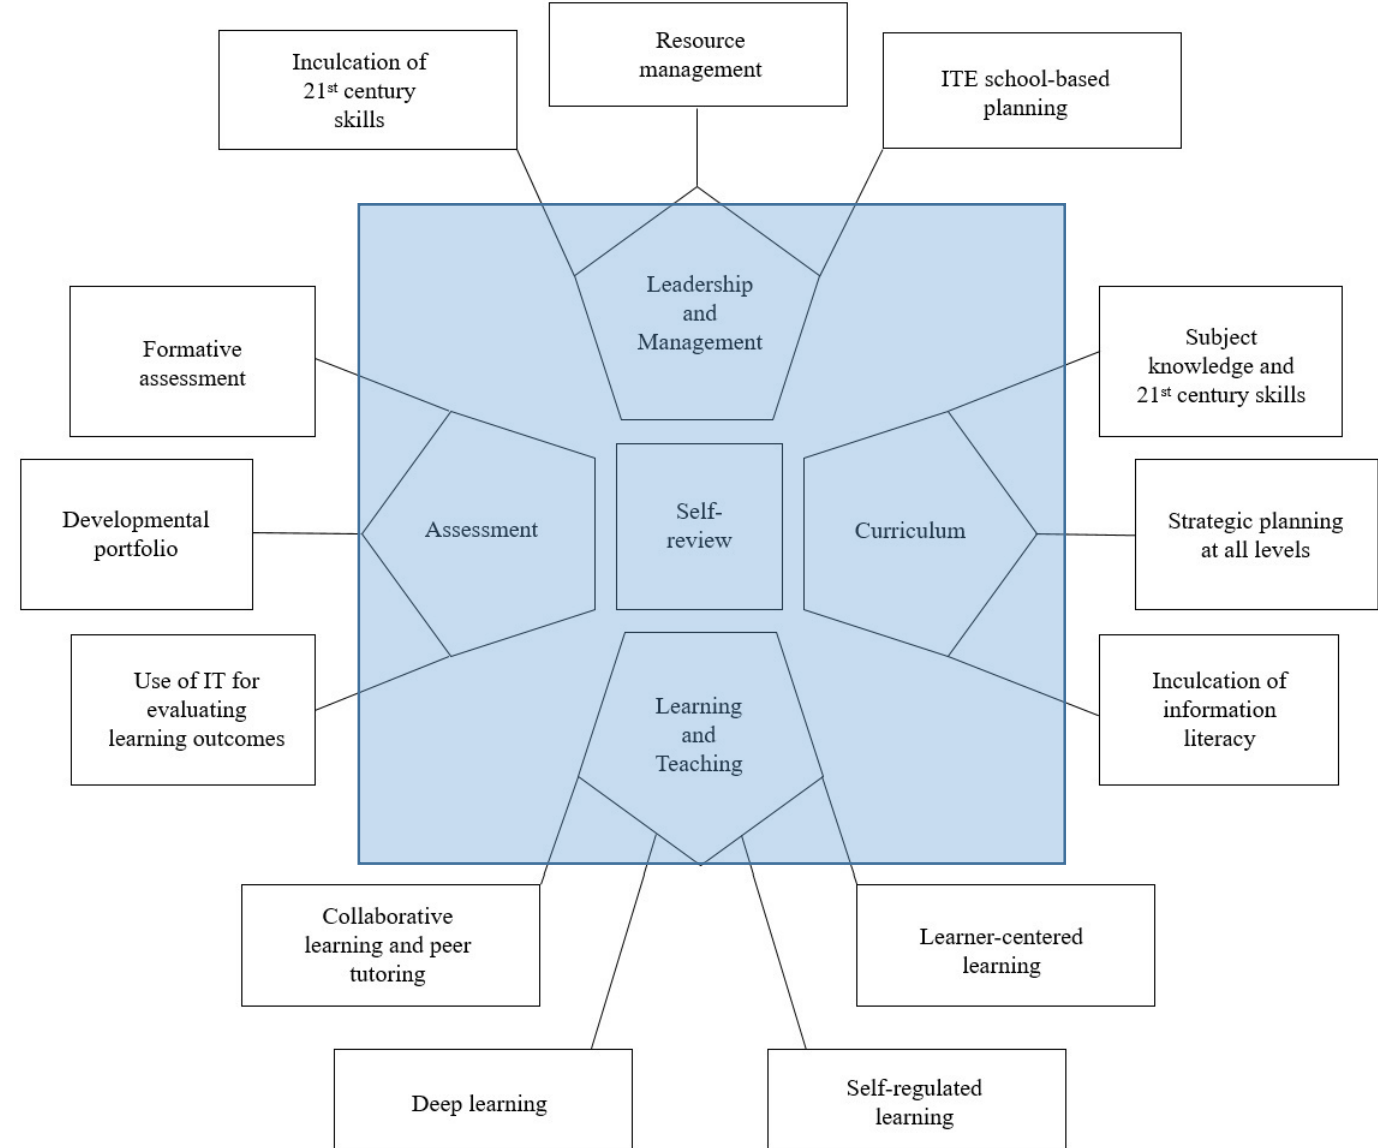

Figure 2: Conceptual framework for the self-review of the four key dimensions of planning for school education

Resource Pack for Supporting School-based Development of IT in Education

Model Roadmap of Development Plan

Stage 1 :

Self-review

5 related concerns

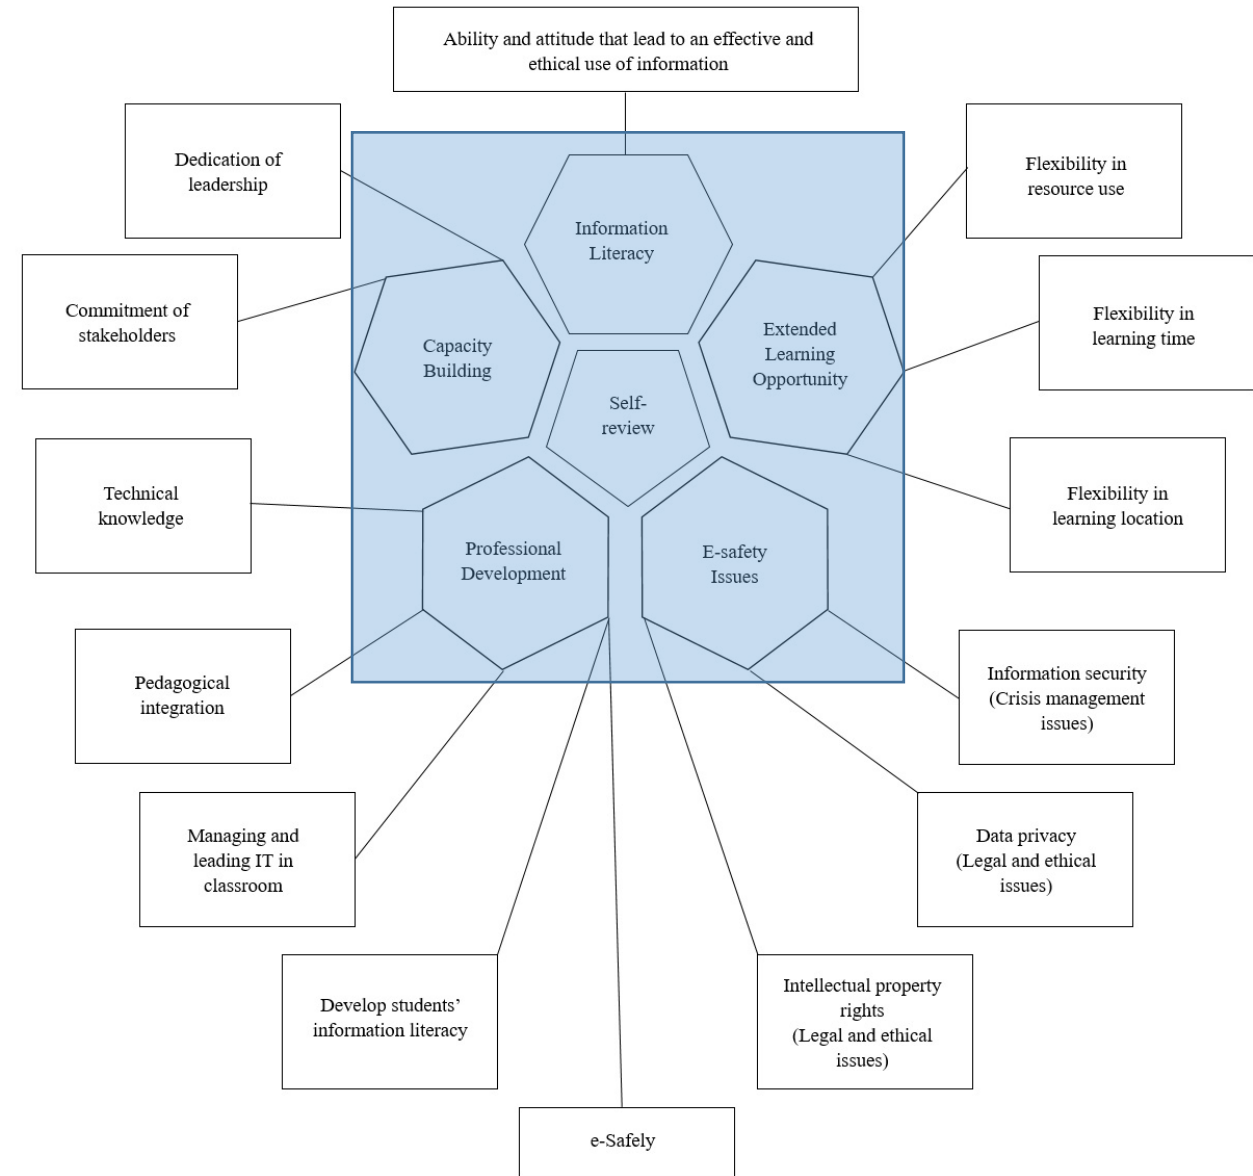

Figure 3: Five concerns related to the four key dimensions of planning for school education

Resource Pack for Supporting School-based Development of IT in Education

Model Roadmap of Development Plan

Stage 1 :

Context analysis

Context analysis is a significant step for schools to garner in-depth opinions on the **strong and weak areas** at the school level and gain insights into their own **needs and changing** contexts prior to the planning.

A context analysis of **10 evaluation areas**, which are incorporated into **4 domains** in line with the implementation of initiatives for the school development and accountability in the local school education sector, is proposed for schools to evaluate their readiness for promoting the use of IT in education.

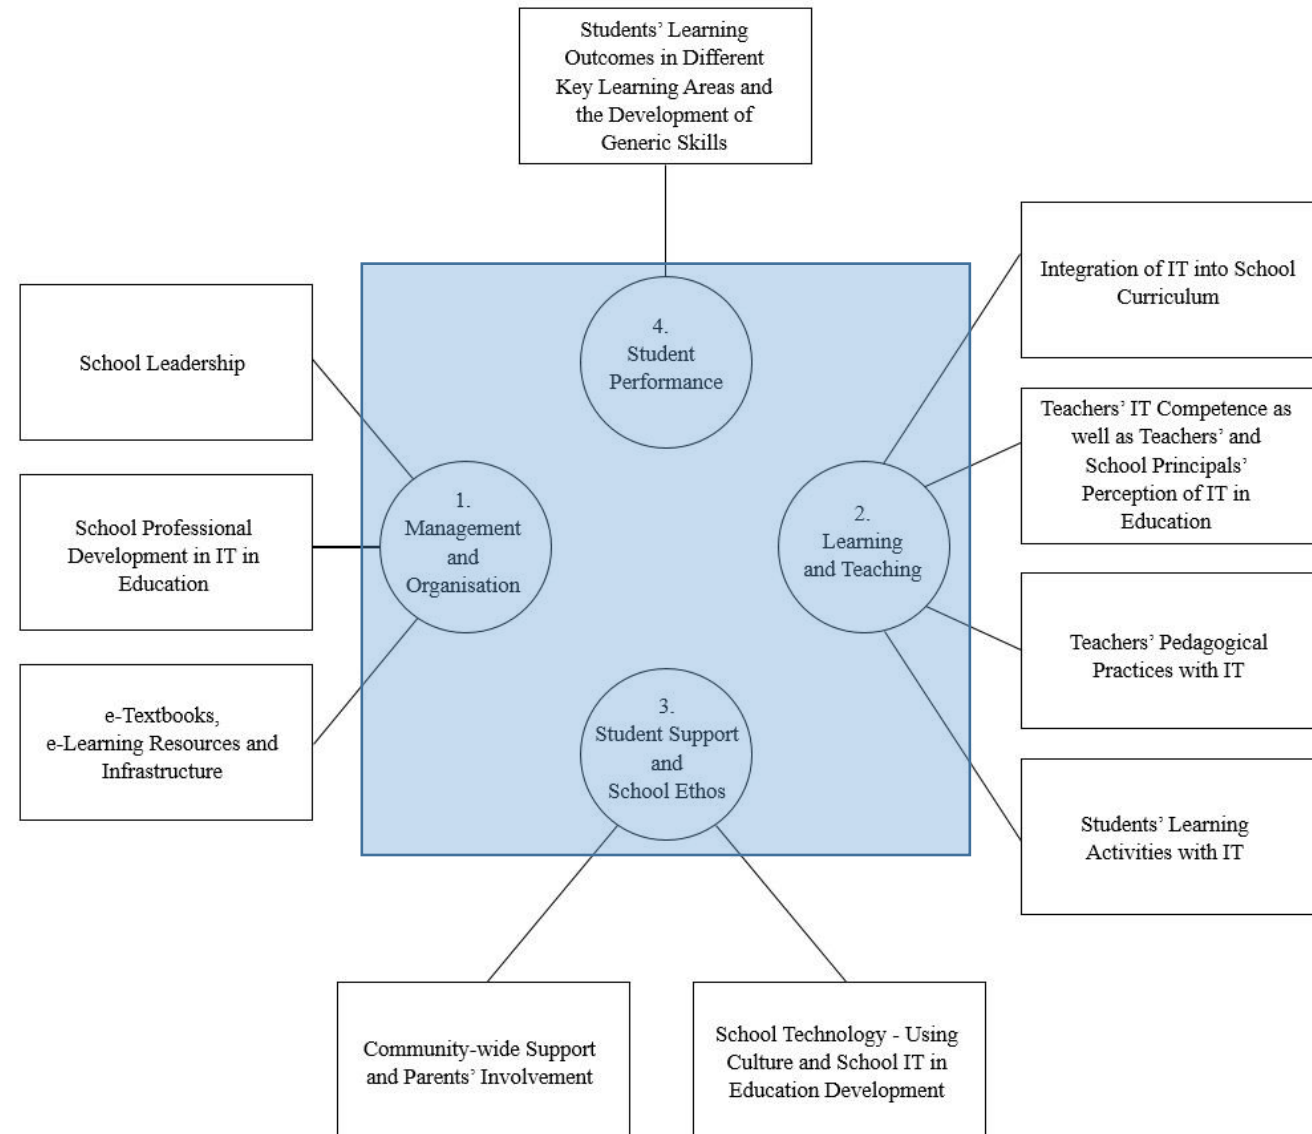

Figure 4: Conceptual framework for the content analysis on the readiness of schools to promote IT in education

Model Roadmap of Development Plan

Stage 2

Goal-setting plays a primary role in the development of every plan.

A goal coupled with the corresponding realisation process, which are in response to the emerging information society, is proposed for schools to integrate IT into school education.

Action Plan

The development of an action plan is a helpful step for schools to **organise planning** and **implementation work** in a systematic approach.

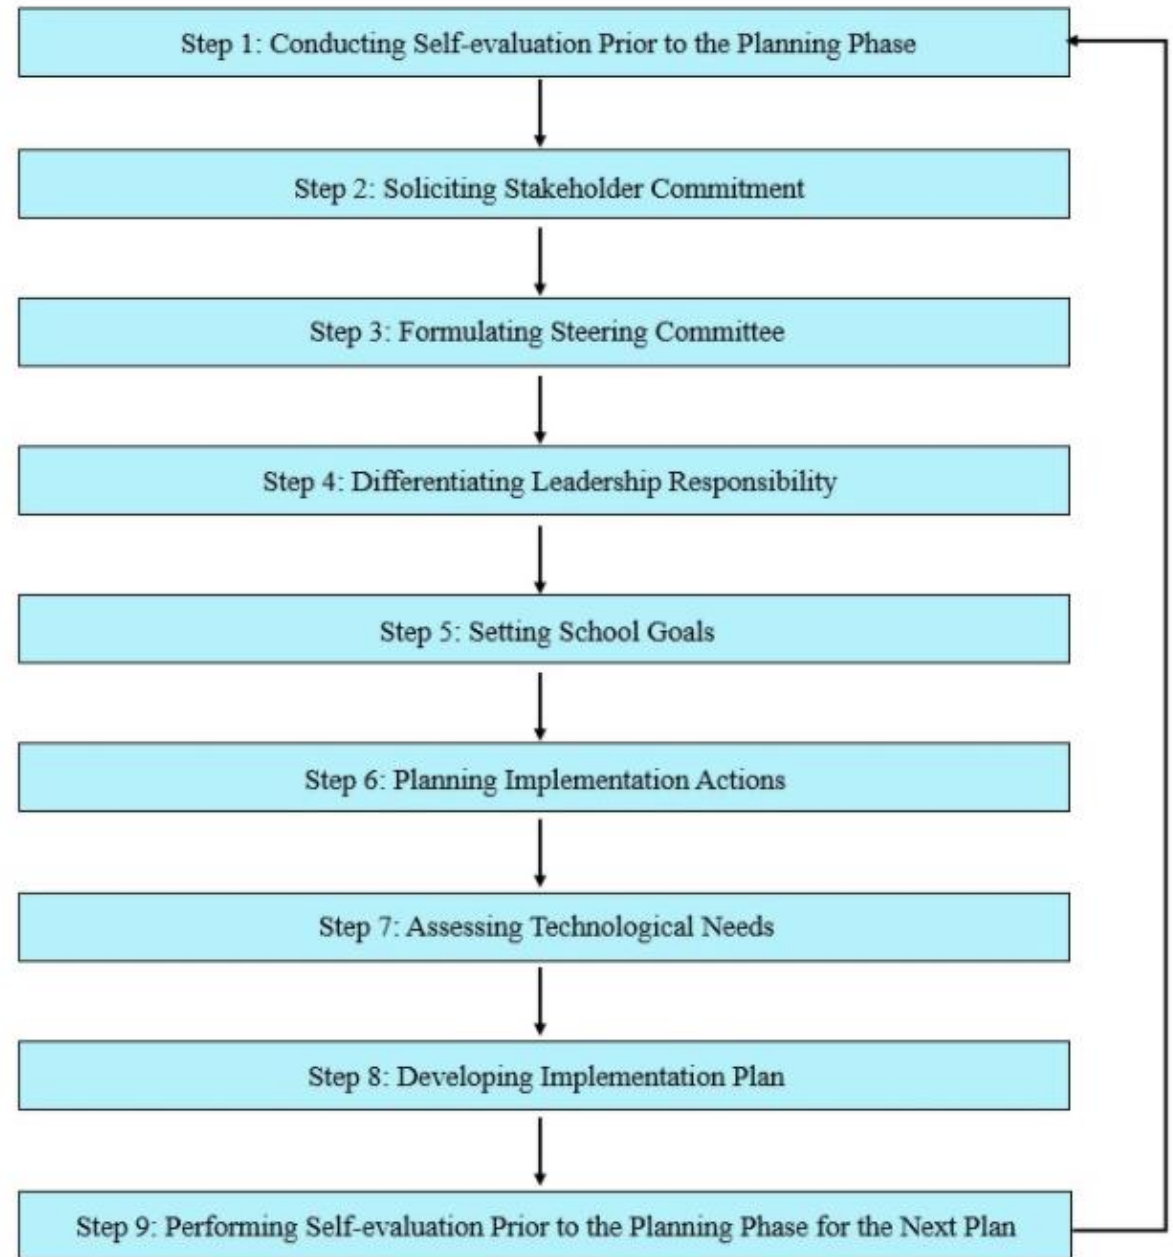

A sample action plan with suggested timeline is proposed for schools' reference and modification.
